

SPORTCHEER WALES

Information Release **March 16th 2020**

In light of the recent statements from the International Cheer Union, IASF, and Varsity postponing ICU worlds, IASF worlds and The Summit, we would like to express our sympathy to all UK teams due to attend these events.

In Particular, our hearts are with Welsh Teams, Gymfinity and RSD who are both holding multiple bids to events.

Gymfinity were also due to represent Wales as Senior All Girl Elite and Junior All girl Advanced at ICU 2020.

We are so very grateful for all the hard work and effort you have put into preparing to represent Wales, and commit to working with you to ensure athletes are given the opportunity to represent Wales in future. More details on this will be communicated with coaches and personnel once the dust has settled, and we are able to put an action plan in place.

For now, please know we are heartbroken for all athletes who have worked so hard to gain Worlds and Summit bids, and invested so much time, effort and money into realising their dreams of competing at the ESPN complex.

With much love
The SportCheer Wales National Body.
